LD 121 An Act to Include Brush and Yard Debris in the Definition of "Litter" - Sen.  
Russell Black of Franklin

February 1, 2025

Senator Beebe, Curry, Cryway, and Representative Hasenfus

I come from the town of Farmington Franklin where there is a lot of burning brush in the spring because of apple trees and such, but to pass this bill is about as stupid as burning bales of hay.

Many people in Farmington use the brush from trees to keep warm and not call litter. In Franklin country, we do not have a big fire department plus the sponsors should know we have not gotten a lot of snow this year which any good fireman should know means a lack of rain for the spring in summer. What this bill comes down to is a lack of common sense to both of your sponsors simply because they know brush is not harming anyone
