I strongly oppose this bill and urge strongly that any Representative that is worth their salt also strongly oppose this bill. This is just another gouge to try and get rid of the Maine tradition of hunting with a dog. At every corner liberal animal activists and lobbyists are trying to wipe the tradition of hunting with dogs from the history pages. The bill that was snuck in that passed the civil trespass law of hunting dogs in this state has already been passed and has essentially closed large tracts of land to people with hunting dogs. This bill is just another step in their agenda and needs to be strongly opposed and thrown out!
