LD 234

I would ask you to vote "OUGHT TO PASS" on LD234, An Act to Eliminate Ranked-choice Voting (RCV). RCV is a terrible method of voting for several reasons:

1. It is asking people to vote for more than one person, which is against the Constitution, one person, one vote.
2. It is confusing to the elderly who don't understand it.
3. It is easily manipulated because of its confusing rules.
4. It doesn't give you a clear picture of who wins for several days in the case of multiple candidates. People are using it to change election outcomes in unethical ways. One person, One vote.

Let's make Maine a beacon of honest election again! Please vote, OUGHT TO PASS on LD234 for honest and true elections. Thank You!
