I support LD 175, "Proposing an Amendment to the Consitution of Maine to Ensure That Only Citizens of The United States May Participate in Elections."

Allowing non-citizens of the United States to participate in our elections in any capacity is a threat to our democratic process and perhaps our national and state security. Moreover, The Government of the State of Maine is supposed to represent the interests of the People of Maine. By allowing non-citizens to vote in our elections, government may not accurately reflect the will of our citizenry. Putting interests of others ahead of Mainers has made our state less safe, less democractic, and has created distrust amongst Mainers.

In an effort to restore democracy and transparency within Maines elections, I support LD 175 " Proposing an Amendment to the Consitution of Maine to Ensure That Only Citizens of the United States May participate in Elections" and it ought to pass.
