I'm Nick Rimsa, Chief of Sales & Marketing at The Good Crust, located in Canaan, Maine. Our business was lucky enough to receive a Maine Made Domestic Trade Assistance Grant, and the funding has proven to be invaluable to our business growth. The funding specifically allowed us to launch a new shelf-stable product, Pizza Crust Mix, now sold to more than 50 stores throughout New England and is now being onboarded as a new product at Hannaford. Our team is grateful for this grant and the outstanding members of the DECD team, and we fully support their desire to hire a full-time employee dedicated to domestic trade and an annual grant program.
