

Martin Grohman  
Biddeford  
LD 237

Thank you for considering this. I'm sure it feels like all we do is ask for money but we do need to reform the way it works. Just because we have a few coastal properties that sell for millions does not mean we have fewer disadvantaged students and homeless people.

I would argue for any new funds to be added to Revenue Sharing II, which supports service center communities.

Thank you,  
Marty Grohman  
Mayor of Biddeford
