If it wasn't for MFC I never would've gone to college. I can say this with 100% confidence. MFC was what encouraged me to take that step forward. It was one of the best decisions I ever made. I was afraid as someone with autism and ADHD that I wouldn't have made it very far. Now I'm so close to graduating and I've been doing better than I thought I ever would be able to. The MFC program is so incredibly important.
