

Kirstie Ludwig
30 Mile River Watershed Assoc
LD 173

My name is Kirstie Ludwig and I represent my home town of Fayette on the board of 30 Mile River Watershed Association. Many small towns, such as ours, collect boat registration money and earmark it for the support of their local organization that protects our lakes and ponds. 30 Mile is the local "boots on the ground" non-profit environmental organization that annually receives this money collected from our town's boat registrations. This money is vital to our programs that support the health of our lakes in our community. Please oppose this bill. With respect and gratitude for all that you do for Maine, Kirstie Ludwig
