

David Gross  
Torsey Pond Association  
LD 296

I support LD 296.

Having lived on Torsey Lake for over 50 years, I can assure you that boat traffic continues to increase every year both in size and frequency and that protection of lake water quality is an on going challenge. Please help fund volunteer and State level efforts to protect our beautiful lakes. It is a wise investment in everyone's future.

Thank you !
