LD 349

I oppose LD 349 that proposes to eliminate same day registration to vote in Maine.

I am a proud voter in Maine. I believe that we should encourage all eligible citizens to participate in this vital act of freedom. Maine has one of the highest voter participation in our country yet this percentage of eligible voters is only about 60%. Removing same day registration to vote is a move to suppress voters. This deteriorates democracy.

I am registering my discontent with this bill.

I will urge a vote against this LD 349.
