LD 210

Please vote OUGHT NOT TO PASS on LD210. In looking at the Gov. new budget proposal I see nothing but increases to the already HUGH tax burden on Maine people and businesses. Cigarettes +50%, Tobacco +23%, Cannabis only +4% (hum). drop tax on sold Can. by \$31(hum, hum), streaming fees 5.5%, arborist fees +\$105, Paint fees +\$.50/ can for lead paint fees.(Lead paint went out in lid-70s!) Hunting license fees +\$7 for all, Double the fee for Conceal Carry License and renewal, \$.70 fee for Rx provider, +&6% ambulance fee, inc. hospital fees based on # of beds to \$1.8M. To name just a VERY FEW! All very bad for Mainers and Maine businesses. You don't go about balancing your budget to what you want to spend by hurting an already very hurting taxpaying constituency! Maine is no longer "The Way Life Should Be"! Our children have left for better places and less taxation. More freedoms and less bureaucracy. If we are to survive as a state, and I'm from a Founding Fathers family, we need to stop our spending and increase our income. Not discourage people from staying and running a business here. PLEASE VOTE NO. Make them go back to the drawing board and cut, cut, cut! Thank you! I Thank, my ancestors Thank you, and my successors Thank you. NO ON LD210
