Winterport  
LD 349

I was a poll watcher at this past election. There was a steady stream of mostly young people signing up to vote on November 5 2024. The clerks were keeping count and at one point said over 200 had registered. Maine leads the nation in voter turnout because Maine makes the opportunity to vote accessible to all. It needs to stay that way. Please vote Ought Not To Pass on LD 349.
