My name is Dave Holman and I've lived in North Yarmouth 41 years. When I worked in Portland I would ride my bike to work. It was dangerous. I've always dreamed of having a safe bike trail. I recently picked up ultra running since life was too easy. I ran into portland. That too was dangerous, I'd love to have a separate trail. I work in real estate and people love proximity to trail networks- it increases property values and helps people be healthier. Damn the NIMBY's, FULL SPEED AHEAD!

Thanks,

Dave
