LD 511

I live in Cumberland and have lived here and in No. Yarmouth for 20 years. I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. It will also provide a safer corridor than our roads for people of a much wider ability to exercise, get from location to location and enjoy our communities. Please vote "ought to pass."
