

Paula Doucette
Carmel
LD 450

Our family is tired of paying a skyrocketing electricity bill. We are frustrated at having to pay a solar tax, watching our bill increase with every new solar field installed in Maine. We have watched our electricity bill for our family of our conservative energy use increase from 60-70\$ a month jump to between 250-close to 300\$ a month. This is insane! We support a bill to REPEAL the solar tax-LD 450 "An act to Lower Electricity Costs by Repealing the Laws Governing Net Energy Billing". We ask you to support LD 450 as well and REPEAL the solar tax driving Mainer's skyrocketing insane energy bills!

Thank you for your time, public service, and support!
Sincerely,
Paula Doucette
