LD 450

I am writing about LD 450, "An Act to Lower Electricity Costs by Repealing the Laws Governing Net Energy Billing" that will come up very soon. The cost we have to pay is becoming higher. There are a variety of reasons but one seals with what this bill discussed. I don't know why so many families are having to pay so much with solar taxes and increase cost in general. Many of us are paying higher costs on many items that makes our lives very difficult.

When are your continuent going to be listened to and you stop spending so much. We need people will hear us and stop spending please.
