

Janet Fogg
Topsham
LD 29

I support LD 29. My husband and I both enjoy bicycling for exercise and enjoyment, but we do not feel safe bicycling on regular roads. We like to use off road trails especially rail trails. They are safe, fairly flat so easy to ride or walk on, and often have interesting scenery. We live in Topsham and would certainly use the Lower Road Rail Trail when it becomes reality. I believe that it would get a lot of use. I urge a vote of ought to pass for this important bill.
