

Andrew Marsters
Portland
LD 646

Thank you for the opportunity to testify. I spend a great deal of time on the water, either fishing in the rivers of the Casco Bay watershed or among the islands of Casco Bay. I have volunteered for many years with Friends of Casco Bay, working to keep the Bay clean and healthy. I know that runoff pollution from storm events can have a big effect on fish and wildlife and can make the bay unsafe for recreation. LD 646 offers an excellent first step to protecting not just Casco Bay but all of Maine's waters and communities. I thank you in advance for your support of LD 646. It would be a gift to me on this, my 74th birthday!
