I am in FULL support of rail transportation. It's good for the economy as it incentivize manufacturing to come back into Maine and use rail for efficient movement of goods, it also lessens the wear on our roads. IT JUST MAKES SENSE. We should NOT be ripping up the rails in this state. I oppose LD 29, LD 30, and LD 51, I fully support LD 487 and LD 472. Vote NO on 29, 30, and 51.
