LD 537

I appreciate Representative Sachs quick initiative on LD 537 and am strongly in support of the bill. What we've seen in the past week has been maddening, saddening and heart breaking, and regardless of one's stance on sporting events, there is NO excuse to pick on individual students. I've been so proud of MSAD #51's response, Governor Mills' standing up, along with community members. They represent who Maine is, as would passage of this bill. Thanks for your consideration.

Sincerely,
Martha Leggat
