LD 511

Hello, I live in Portland, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. It would also provide a route for people to travel by bike that keeps them away from roads with heavy traffic, increasing safety. Please vote "ought to pass."
