LD 260

Please vote ought to pass on LD 260 to sent the Equal Rights bill to the legislature for their consideration. Many Maine kids are raised by a single mom. The difference between median earnings for men as compared with women in Maine who worked full-time, year-round in 2021 was close to \$10,000. Let's not disadvantage kids right from the get-go: support wage equity for Maine's working moms.
