Topsham
LD 656

I urge you to vote OUGHT TO PASS on LD656, An Act to save tax dollars in Maine's elections by amending the laws governing when a Ranked-choice voting count must be conducted. To begin with, RCV should not exist. No one in the SOS seems to know how to use it properly. That being said, we seem to be stuck with it so we should use it properly. If this bill would help us to NOT use RCV unless absolutely necessary, I would say that is at least a step in the right direction. Hopefully the SOS will use prudent judgment with this decision. I am for ANYTHING that makes RCV more safe and more correct for our elections. Please vote for LD656 to PASS. Thank you.
