Standing Committee Judiciary

I am writing in support of LD260 and equal rights for all Mainers. I've never submitted testimony such as this, but it feels necessary at a time in history where I've witnessed my rights diminish on a federal level. I ask that my state recognize equal rights for all Mainers officially in our constitution. That way protections are in place for my daughter, and all citizens in protected classes, should they experience discrimination.

Thank you,
Elizabeth Brown
