I would like to request this bill be passed, Dog Nuisance, we reside in Casco Maine, we have

Been dealing with nuisance that has gotten out of control (2) German Shepherds, 1 bull mastiff and a small dog of some sort the loud constant barking starts at 7am for about 3 hours it's throughout the day it's none stop behavioral barking. We have contacted the Cumberland County Sheriff's department whom continually contacts Animal Control. Since November of 2024- and presently still have yet to receive a call back form anyone. I've also have contacted the town manager who intern says there is nothing he can do. The disruptive behavior of constant dog barking is enough to drive one crazy.. it's overwhelming. I'm not sure what else to do I shouldn't have to sell my house because my neighbors can not control her 4 dogs . It's only common sense and common courtesy of others
