Cumberland
LD 511

I live in Cumberland and my property abuts the railway where the proposed trail would be built. I strongly urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. It would also be much safer for cyclists who currently use Route 88 or Middle Road. I also believe it would be a strong draw for tourists who come to enjoy Maine's outdoors. Please vote "ought to pass."
