

William Wojtkiewicz
Portland
LD 511

I am a resident of Portland, Maine who wants to urge the Transportation Committee to vote in favor of LD 511. Connecting Portland and Auburn with an interim trail would be a net positive for the region. In addition to providing more outdoor recreational activity, the trail would serve as a vital and safe non-automotive transit option. It is an amenity that will only grow more valuable with time. Please vote "ought to pass."
