LD 511

I live in Yarmouth, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. Getting people commuting outside of their vehicles also builds communities and helps us to connect better with others, addressing many unnecessarily divisive issues we see both in Maine and in our nation as a whole.

Please vote "ought to pass."
