Sebago  
LD 541

My name is Vincent Torre. I reside in Sebago, Maine. I am sending this message because, for the past two years, my constitutional and parental rights have been violated by the State of Maine and the Department of Health and Human Services, CPS, and the court system in both Augusta, Maine, and Portland District Court, without regard to my parental rights. This is a major problem. For far too long, CPS and these courts have violated the rights of parents and our kids. For far too long, CPS has denied children access to their parents without physical proof of any evidence, solely based on allegations. CPS, the state, and the courts violate due process and constitutional rights and have gotten away with it. This needs to end here and now.
