DEXTER
LD 537

The Honorable Carney, Representative Kuhn, Representative Poirier, and Members of the Judiciary Committee,

Good afternoon,

I'm writing to express my opposition to LD 537. As a concerned citizen, I believe it's essential to protect the rights and safety of all students, not just specific groups. Unfortunately, I think LD 537 falls short of achieving this goal.

LD 537 aims to prohibit the doxing of minors and authorize related civil action ¹. However, I'm worried that this bill might be used to silence voices that advocate for the rights of all students, particularly girls who may be affected by policies allowing biological males in female spaces.

Recent events have shown us that speaking up for girls' rights can lead to censorship and backlash. I urge you to consider the potential consequences of passing LD 537 and how it might impact the ability of concerned citizens to advocate for the rights and safety of all students.

Therefore, I respectfully request that you vote NO on LD 537. I believe it's crucial to prioritize the safety, well-being, and rights of all students, and I'm concerned that this bill might undermine these efforts.

Thank you for your time and consideration.

Sincerely,
Cory Reynolds
