LD260

Senator Carney, Representative Kuhn, and Honorable Members of the Joint Standing Committee Judiciary, I am grateful to be able to provide testimony supporting LD 260.

As a board member of a Maine Domestic Violence Resource Center, I believe adding an Equal Rights Amendment (ERA) to Maine's Constitution is essential for protecting survivors of domestic violence. An ERA would challenge harmful gender stereotypes, ensure equal access to resources and legal protections, and help dismantle the systemic factors that perpetuate abuse.

Current protections are too inconsistent, leaving gaps that can undermine safety and equality. Implementing an ERA in Maine is not just about constitutional equality — it's a vital step toward a safer, more inclusive future where every individual can live free from violence and discrimination.

“LD 260, Proposing an Amendment to the Constitution of Maine to Establish That All Maine Residents Have Equal Rights Under the Law”

Senator Carney, Representative Kuhn, and Honorable Members of the Joint Standing Committee Judiciary, I am grateful to be able to provide testimony supporting LD 260.

As a board member of a Maine Domestic Violence Resource Center, I believe adding an Equal Rights Amendment (ERA) to Maine’s Constitution is essential for protecting survivors of domestic violence. An ERA would challenge harmful gender stereotypes, ensure equal access to resources and legal protections, and help dismantle the systemic factors that perpetuate abuse.

Current protections are too inconsistent, leaving gaps that can undermine safety and equality. Implementing an ERA in Maine is not just about constitutional equality — it’s a vital step toward a safer, more inclusive future where every individual can live free from violence and discrimination.
