

Laura Arnold  
Bowdoinham  
LD 29

I am Laura Arnold of Bowdoinham ME writing in support of LD 29. The trail goes right through Bham and I have often wished I could use it for biking, walking, and hiking with my family and dogs. It would go right through downtown Bowdoinham and be a wonderful attraction for the town and increase use of our waterfront area and help support businesses in our small town. I want to thank the committee members for considering my testimony and urge you to vote 'Ought to Pass" on LD 29
