

Janet Kanai  
Richmond  
LD 29

I am writing in support of LD 29 to make use of land for the Merrymeeting Trail. Opening up this property for public use and creating an extensive Walkway would be a great benefit to the residents of the area. I am a senior citizen, and unable to get much exercise, but I'm able to bicycle, and this would provide a safe place for me to ride my bike. I hope that you will help us create this wonderful pathway and connect these towns.
