

Jody Meredith  
South Portland  
LD 30

I am writing in support of the bicycle trail between Portland and Auburn. I live in South Portland, and use my bike as often as possible. I have also been hit by a car while riding on a busy street where no alternative route was available. Building a connecting network of trails will help us all continue to bike in a safe way. Connecting Portland and Auburn will help advance a viable bike network. Thank you.
