

Carolee Lindsey

LD 260

This letter is in support of LD 260, to ensure that all Maine people are equal under the law.

We are stronger when we create a community of multi racial, gender inclusive, and disparate skills and capacities, of all the people in our state.

The equal rights ammendment will enshrine protections for all people into our constitution and protect the human dignity of all. Everyone deserves this basic right.

Sincerely,

Carolee Lindsey
