

Taylor Lange  
Old Town  
LD 260

I would like to submit testimony in favor of LD 260. As a husband and educator, I recognize the importance of inclusivity and protection of the rights of all people. I moved to Maine because the people here believe in living and letting others live as they see fit. This amendment will ensure that right is guaranteed by our constitution. I strongly support this amendment to Maine's constitution and hope the legislature sees fit to champion its incorporation.
