

Lynn Sternfels  
Bowdoinham  
LD 29

I live in Bowdoinham, one of the towns that would be impacted by the rail/trail. I'm a walker. My friends are walkers. At 75, walking every day with friends keeps me physically and emotionally healthy. Currently, we mostly walk on the road. Unfortunately, many drivers exceed speed limits and make walking on roads, especially without shoulders, less than ideal. I urge you to support this bill that would create a safe place for all walkers.
