

Rita Pello  
Augusta, Maine  
LD 29

To the Transportation Committee,

My name is Rita Pello and I am a resident of Augusta, Maine. I am in favor of LD29 as it would be a great benefit to our community and towns along the corridor. It would serve as a connector and economic driver, as well as help promote healthy hobbies and recreation. I urge the committee to vote "ought to pass" on LD29 to bring a special project to our state!
