Senator Carney, Representative Kuhn and Honorable Members of the Joint Standing Committee Judiciary.

Thank you for the opportunity to submit testimony to support LD 260.  
My name is Cathleen Miller, and I am a resident of Scarborough.

In a time of unprecedented change and uncertainty in the United States, it feels imperative to support the idea that all of us deserve equal treatment under the law. As Federal law becomes murkier, we need stronger state protections so that vulnerable people can feel safe. This is not a matter of wanting special treatment, but of wanting to be seen as fully and equally human. I think of my transgender friends who, because they can access the gender affirming care, are finding joy after years of feeling uncomfortable in their own skins. My stepdaughter, at 24 years old, has less rights than I did when I was her age. Equality is not a threat, but an opportunity for all of us to live into our fullest potential. Why would we not want that for everyone? I urge you to vote "Ought to Pass" on LD 260, which will protect the rights of all Mainers, and help all of us be vibrant members of our society. Thank you for the opportunity to share my perspective with the Committee.
