Thank you for letting me voice my support of the Merrymeeting Trail. I believe it would be an economic driver for the towns it passes through, not to mention all the social and physical benefits. We lived in Massachusetts for a number of years and there was a railway trail in the town we lived in. The trail had shops and restaurants along it and people enjoyed commuting to a coffee shop or lunch spot by bike, horseback or on foot. Please consider allowing us here in the Kennebec Valley the same opportunity to have a once in a lifetime chance to utilize the rail corridor in a manner that would benefit us all.
