

Kathleen Barry
Acton
LD 143

My husband and I oppose LD 143. Funds would be better spent in other areas. We are against abortions and probably everything this organization stands for. Perhaps some funding could be given to organizations that want to preserve life. Often the pregnant mother is a victim of society, thinking there are no options. She will be scarred for life. Anyone helping with the decision to take a life, will also be judged. I pray that each person understands that all will give an account to God.
