

Nancy Delprete
Bucksport
LD 468

I am a resident of Bucksport and I am here today as a shopper to express my support of LD468 - and act yo address food insecurities by helping Maine residents access locally produced food. Not only will this allow us to support local farmers,as we need to do,but it will also help those that need help getting fresh produce. We also need continuous funding at the \$1.2 mil level per year.
