LD 303

I urge you to vote OUGHT NOT TO PASS on LD303, An Act to repeal the law prohibiting unauthorized paramilitary training. I see absolutely no reason for this bill. It appears to be put forth to inhibit people from learning how to use a firearm. The people putting these trainings together are very knowledgeable about firearms and they are the best people to teach the safe handling of a gun. To limit them because people don't understand why some people like to shoot guns is a shame and not Constitutional. The second amendment quite clearly states that we have a "right to bear arms!" We have a right to defend ourselves against anyone who might want to harm us. We have a right to own and shoot a gun in a proper way. These people are teaching us the proper way. Please to not interfere with this process and vote OUGHT NOT TO PASS on LD 303. Our lives may depend on being able to defend ourselves properly. Thank you!
