LD 266

I am against LD 266. For the past year I have volunteered at my town office assisting with elections. I have been very impressed with the careful conscientious work by the staff in the town office. This bill (and others like it) seem designed to make voting more difficult and place an additional unnecessary burden on town office officials — as well as voters. They seek to solve a problem that does not exist. There is NO evidence that there is any significant voter fraud in Maine.

I would note that legislators who introduce these bills are unnecessarily burdening our excellent systems already in place and they are wasting the legislature's time as well as our tax dollars.
