My name is Toby Hollander, from Portland, ME. I am 80 years old. I am a 100% disabled Vietnam veteran. I appreciate the opportunity to submit my testimony by internet.

I am opposed this bill and would ask the committee to also oppose it. My objection is: what's the problem it is attempting to address? Who wants paramilitary training camps in Maine? It sends a terrible message to the rest of the world about what kind of place Maine is. Also, this shouldn't be a method of trying to undo a vote, a second bite at the apple. Maine was wise to pass the statute in the first place. It's worked just fine. If it ain't broke, don't fix it.
