LD 14

Re: Please pass LD14.

Dear Committee Members,

Please pass this bill.

If your own ancestors had lost something very precious to them, wouldn't you and your family be so pleased to know that your family's future generations could have a very partial restoration of access to that precious gift that had been lost?

Who couldn't feel good about this goodwill and affordable way forward?

Thank you so much for your very thoughtful consideration of passing LD14.

Kerry Sack
