I STRONGLY URGE you to vote OUGHT TO PASS of LD594, Resolve, Directing the state auditor to audit ALL STATE AGENCIES. This seems like an obvious thing to happen. You can't run any business or industry or country/state without knowing what is going on in those entities. It's as simple as knowing if you have money in your checking account before you write out a check or knowing if you have enough gas to get home again in your car. It seems rather simple. You know where your money or effort is going so you can adjust if it isn't going properly. If you don't, you are headed for disaster! This state has a bad problem with running its business of the state like a person without a care who thinks they will always have the money or resources to do as they wish. It's time for ACCOUNTABILITY! What are they afraid of? Please vote OUGHT TO PASS on LD830. Thank you!
