LD 951

I STRONGLY URGE you to vote OUGHT NOT TO PASS on LD951, An Act to require disclosure of campaign funding sources. This is sadly no more than a way to control pacs and political donors by making them go through more and more hoops and loops so that they are hindered, afraid to make a mistake and get fined large penalties. To add how the money is used, every nuance, is debilitating and cumbersome, AND unnecessary! It's being used to get elected. More reports to the Commissioner on governmental Ethics and Election Practices will turn many donors away because they haven't got the time or inclination to go through all that. A first-time office-seeker can find it too much. I'm sure the additional threat of fines will also turn them away. If they put into writing that it will be used for, let's say signs, and they don't need it for signs but for something else, they can be fined. This will turn away many people who could be excellent additions to our elected lawmakers! From reading this piece of Legislation, I believe it is unnecessary and debilitating to our election process. THank you for voting OUGHT NOT TO PASS on LD951.
