“A decades-old U.S. government ban on federally licensed firearms dealers selling handguns to adults under the age of 21 is unconstitutional, a U.S. appeals court held on Thursday, citing recent U.S. Supreme Court rulings expanding gun rights.”

“The ruling by the New Orleans-based 5th U.S. Circuit Court of Appeals marked the first time a federal appeals court has held that the prohibition violated the right to keep and bear arms enshrined in the U.S. Constitution's Second Amendment.”

Federal and state legislation, and ATF “rules” are being repeatedly challenged in court, and support for the 2nd Amendment to the Constitution is being restored. The days of unconstitutional gun control laws going unchecked are over.

With that being said, LD 677 is another reconstituted attempt at previously defeated gun control (i.e., LD 2086, passed by the 131st legislature, vetoed by Governor Mills).

I support restoration of all of our Second Amendment Constitutional rights, such as LDs 424, 829, 953, 998, and 1089 and they “ought to pass.”

I oppose tyrannical LD 677, and it “ought not to pass.”
