LD 832

My name is Jennifer Stephens and I reside at 349 Main St., Vassalboro, ME 04989. I am 69 yrs old and I am currently employed full time working as a Security Professional in the State of Maine. I am solely responsible for the utility bills (water, sewer, trash, oil and electric) each month. The quarterly bill I have been paying for the past 4 years is over 230.00 dollars. The utility bills are only part of my financial obligations. I am also taking care of a 76 yr old retired man who is not well from medical illnesses. Most residents on my street are seniors who possibly feel the same financial burdens as myself but I can only speak for myself. If you can find it in your budget to allow the proposed funds to pass in order to reduce the sewer debt then I will be able to sleep peacefully without late night financial worries and a hopeful outlook not only for me but for our beautiful residents in our town of East Vassalboro.
